

My name is Ann Ledesma from rural in Cabacungan, Negros; I committed my life to serve God when I was child. I began serving in my local church, graduated from Bible College, and served as a career BSOP missionary among unreached Muslim tribal peoples in Davao del Sur.

After my 3-year term, I returned to Cebu and taught in a Christian school. But I did not find peace there. I knew that God wanted me to use my gifts to reach unreached people groups and serve in a foreign land.

As a missionary intern in 2008-09, I overcame a huge personal health crisis when I was diagnosed with a giant aneurysm needing immediate surgery. God supplied my financial needs and healed me completely. This became one more way for me to share God's love and provision with young tribal Muslims. I will now do the same with Khmer youth and women in Cambodia. I have a passion to help start new churches in villages across Northwest Cambodia. Through the partnership of others I was able to go together with my team on September 03, 2015.

My struggles and fears is that I am not able to speak their language and I don't know their culture, please include me in your prayers that I can easily adjust and learn their culture. Another is that I am able to adjust the personalities of each member of my team here in Cambodia. One of my fears also is that one day my supporters will stop to invest their giving in mission and my prayers that they will not they will continue to give generously.

PRAYER REQUEST:

* **Pray that as team in Cambodia** I will be able to help counseling the **human trafficking** women and youth at risk by giving English training and providing vocational alternatives to help them support their families. BSOP partners with LOHI Vocational School; all students are invited to attend Christian outreach events and join cell groups.

***Pray that I can plant new churches** on LOHI's campus of 1,500 students and in villages across NW Cambodia.

* **Pray for wisdom that I can** assists in giving hope to **families affected by AIDS** in a church-based counseling center.

* **Pray that I can** build disciples. They often use **Orality—Biblical story-telling & questioning** which doesn't rely on reading to multiply disciples.

* Pray that I can learn in a fastest way about their language and acquisition of culture.

* Pray for confidence and boldness to share the love of Christ to the Khmer.

THANK YOU SO MUCH for PARTNERS! GODBLESS YOU MORE.

Missionary,
Ann Ledesma
